PUBLIC FORUM

Robert Gill 4705 NE 22nd Street Des Moines addressed the Council on behalf of Waste Connections. Gill stated that phone calls are an effective mode of communication between the City and Waste Connections. He adds that Waste Connections has always been very responsive to the City. Gill expressed disappointment that the City was seeking new bids for collection services for the city.

Sandy Miller, 604 SE 2nd Street addressed the Council to state that she has concerns about the decline of insects and birds. She recommended that the City focus on using more native plants in public areas to reduce maintenance costs and encourage non-chemical methods of treating and fertilizing green spaces.

PUBLIC AND COUNCIL AGENDA ITEMS

A. Voluntary Annexation at 13376 NW 82nd Avenue

a. Public Hearing on Voluntary Annexation of Certain Property into the City of Grimes known as Kasperbauer Property.

Mayor Mikkelsen opened the Public Hearing at 5:36 pm. Diane Porter of 13396 NW 82nd Avenue addressed the Council. Porter advised that she had just sent an email outlining her concerns and requested to read it to the Council. I protest the proposed annexation of 13376 NW 82nd to the city of Grimes. My concerns are as follows: 1. property is currently zoned ER, is 3.28 acres, and meets the minimum requirement to build a single family dwelling a. The county will not rezone this land because it meets current requirements. Rezoning would be a deviation from the county land use plan b. Xenia rural water is easily accessible and there is plenty of room for a private septic system 2. Polk county land use plan for our area is Low Density Residential. LDR states that "Development at these densities will not occur until public sewer is available. In the interim, these areas will remain in agricultural or other low-intensity use. 3 units per acre (gross)" a. City water is available at the front of the lot; however, there is no city sewer or plans to provide it any time soon b. Land should remain in agricultural status until sewer is available 3. This lot is currently part of Town and Country (lot 2). If the land remains part of T&C, then a. all lots must adhere to the covenants that run with the land b. It needs to remain zoned as ER with a minimum of 3 acres c. There are no other legally subdivided lots in T&C and no precedent to allow it now d. There is currently an easement of 40x40 across lot 1 for the benefit of lot 2. 40x40 does not meet the minimum common easement of 50 ft required for 2 dwellings. (Section 165.09 of city ordinance) e. There is a fire hydrant in the center of the easement that would need to be moved 4. If the land separates completely from T&C with annexation, rezoning, and a new plat, then a. It would void the current easement across lot 1 for the benefit of lot 2. The new property would require access directly to the street for each property b. OR a frontage road for both properties to the park entrance c. OR some sort of easement for both properties to access the street at one shared entrance.

5. Once this land is annexed, rezoned and platted, any number of subdivision scenarios could happen a. If the agreement with JRL would dissolve, a new developer could propose a multi-home subdivision b. JRL could change the proposed design 6. No other private lots adjoining the park are less than 1.59 acres (Pierce in James Point.) a. Lots smaller than 1.59 would be out of character with the current area design b. The proposed lots are both smaller than any other existing lot adjoining the park 7. The land being designated as parkland will probably require wetland mitigation 8. Rezoning request is already on the docket for March 24th. This seems premature since the annexation has not been approved yet, and is being disputed 9. Anything can be granted a variance, and it is concerning that so many variances would be required here. Doug & Diane Wilson of 13423 NW 82 Avenue, Grimes, Iowa addressed the Council. They stated that they had the same concerns as Porter. They noted that during events at the adjacent sports complex, homes located in that area would have significant traffic issues. Luke Wagner, 9960 NW 119th Ct. Granger, President of JRL Builders addressed the residents' concerns. He stated that one and a half acre lots proposed would not be under Polk County jurisdiction if annexed, and that size is consistent with estate lots in a City. Wagner also stated that the land being deeded to the city as part of this annexation would be a benefit for the adjacent sports complex and help with water mitigation. Mayor Mikkelsen asked if there had been any written communications on this item and City Clerk Rochelle Williams stated there were two written comments, one from Porter that had already been read for Council and the other from Michelle Zeliadt, 950 NW 37th Street that had been provided to the Council for review.

Mayor Mikkelsen closed the Public Hearing at 5: 46 pm.

b. Resolution 02-0520 Approving Voluntary Annexation of Certain Property into the City of Grimes

Development Director Alex Pfaltzgraff addressed the Council regarding an application the City had received for voluntary annexation for the property located at 13376 NW 82nd Avenue. Pfaltzgraff stated the property is approximately 3.5 acres and currently is a platted lot in Polk County, and is adjacent to the North Sports Complex. Pfaltzgraff said the buyer and developer of the property would like to subdivide the lot to allow for the construction of 2 single homes. Pfaltzgraff stated that the property is currently zoned ER, or Estate Residential, in Polk County and by their definition that would be appropriate for one single family home. Pfaltzgraff said that the buyer of the property, JRL Builders, wished to subdivide that lot and would not be able to do that if the annexation did not take place. Pfaltzgraff agreed that water is available along the south side of the lot, and sewer is not as yet, however, discussions have been ongoing for JRL to combine resources with the City to extend sewer service from the sports complex to this site. Pfaltzgraff advised that then it would also be available for future development as the city expands to the north and west. Pfaltzgraff noted that the builder has stated that he intends to adhere to the existing covenants and requirements for building in that area to ensure consistency. He noted that one of the two driveways would be able to open directly onto 27th Street, with the second lot having a drive that opened onto the existing park access road. Council Member Johansen clarified that the item before Council at this time is only to determine if the City was in approval of the annexation, and, if so, to set a hearing, but not to pursue development details until such time as the annexation is approved and recorded. Pfaltzgraff stated that all required notifications have been made per Iowa Code, and at this time, staff would recommend approval of the applications for voluntary annexation. He added that Staff will make the application to the City Development Board in March, with an anticipated hearing date in April for the final consideration. Pfaltzgraff concluded that if approved, the final documents will be executed by the Secretary of State, and recorded in Polk County, making the annexation official.

Motion by Altringer, Second by Gisch, to approve Resolution 02-0520 Approving Voluntary Annexation of Certain Property into the City of Grimes

Roll Call: Ayes: All. Nays: None. Motion passes: 5 to 0

B. Urban Renewal Amendment and Golden Rule Development Agreement

a. Public Hearing on Proposed Amendment to the Grimes Urban Renewal Plan

Mayor Mikkelsen asked Pfaltzgraff to provide a summary of the item for discussion. Pfaltzgraff stated that, as directed by the Council, staff had prepared the necessary proceedings to enter into a development agreement with Golden Rule Plumbing and Heating. Pfaltzgraff stated that the first public hearing is related to the Urban Renewal Plan Amendment. He added that with any development agreement that has a TIF component, the Urban Renewal Plan must be amended to include the "project". Pfaltzgraff said this requires a public hearing. Following the public hearing, a resolution approving the amendment would be up for consideration. Pfaltzgraff added that the second public hearing is related to the development agreement with Golden Rule. Pfaltzgraff noted that the development agreement outlines the covenants of both Golden Rule and the City. He added the agreement for Golden Rule is to invest approximately \$2,100,000 of building and site improvements as well as to rezone the property from M-3 Heavy Industrial to M-1A Commercial and Limited Industrial and dedication of certain ground adjacent to the project for incorporation into the City Park system. Pfaltzgraff added that there would be a contribution of up to \$7,500 to be directed towards the legal and administrative costs associated with the development of this agreement and proceedings. In recognition of the above, the City is agrees to make 10, semi-annual payments to Golden Rule, not to exceed \$90,000. The payments will be based upon the realized increment generated off of the improvements, over a 5-year sliding scale to be paid out of Urban Renewal funds. Pfaltzgraff said Staff recommended approval of both the

Resolution Approving the Urban Renewal Plan Amendment, and the Resolution Approving a Development Agreement with Golden Rule, Inc. Including Annual Appropriation Tax Increment Payments.

Mayor Mikkelsen opened the Public Hearing at 6:00 pm. Being no verbal or written communications, the Public Hearing was closed at 6:00 pm.

C. Destination Market Plat 4 – Preliminary Plat Approval

Pfaltzgraff stated that the application is requesting approval of a preliminary plat, which will allow for the future subdivision of the property.

Pfaltzgraff said there are two main play areas with separate areas within for various age groups. Pfaltzgraff noted that storm water detention was addressed by an underground detention basin. He added that the landscaping drawings are consistent with the Heritage PUD requirements. Pfaltzgraff stated the elevations show approximately 75% masonry or stone product with the balance provide by a Hardy Plank product as well

as glazing. He said there would be a 5 foot aluminum ornamental open rail fence. Pfaltzgraff noted that this project has been reviewed and passed by the Planning and Zoning Board.

Pfaltzgraff stated that this site is located just off of SE 37th and west of SE Gateway Drive. The proposed addition consists of 36,000 square feet. The site plan also reserves area for another future expansion of 4,050 square feet. In total, the building additions will increase the square footage from 40,090 square feet to 80,140 square feet. Pfaltzgraff noted that the property is located within Zone 2 of the Highway 141 Corridor Overlay District and this project is meeting the minimum requirements for that area. Pfaltzgraff said as part of this expansion, there is a second entrance that will allow for greater traffic flow with less need for trucks to have to back up from SE Gateway Drive.

He added that Metro Waste currently operates a transfer station directly northwest of the subject site. Pfaltzgraff said this site would also have office space and classroom space to allow students, as well as the public and Metro Waste employees to participate in educational and training purposes. He noted that there is also an interest and potential future endeavor to utilize a railroad spur along the east site of the property. Pfaltzgraff said this property is located within Zone 1 and Zone 2 of the Highway 141 Corridor Overlay. He stated that care was used to determine that the site would meet the zoning requirements and utilize a fair amount of landscaping and screening as well as a water feature to ensure the view from the highway would be as attractive as possible.

J. New 1.5 MG Water Tower

a. Logo design and Placement

City Engineer Matt Ahrens advised the Council that the new water tower is at the stage where the City needs to decide on what color to paint the tank and the style, color and placement of the logos. Ahrens stated the contract documents call for the placements of two City of Grimes logos on the tank. He said the current logo has removed the tree and staff proposes to also remove the "City Of" portion, leaving just the "GRIMES" lettering to put on the water tower as the logo. Ahrens noted that there may be an option to add an upper and lower banding to the water tower tank body too. He said the placement of the two logos for the best visibility would probably be north and south facing. Ahrens recommended the color selection of painting the tank white with dark gray color for the "GRIMES" lettering. General discussion regarding the color usage and band design continued. By consensus, it was determined that dark grey is the color of choice, using the banding, and the city name located on the north and south facing sides of the tower.

K. Resolution 02-0820 Approving and Authorizing Execution and Delivery of a Supplement to the Second Amendment and Restated Agreement for the Des Moines Metropolitan Wastewater Reclamation Authority (WRA), Consenting to the Issuance of Bonds by the Board of the WRA for the Purpose of Constructing Improvements Under the Terms of Said Agreement, and Related Matters.

City Administrator Anderson stated that discussion on the WRA membership agreement has been ongoing for about two years. Anderson said that once the Council approves this agreement, it will then

Anderson detailed the highlights from the Council workshop on this agreement. Anderson said if final approval is granted, this will be a firm commitment and the agreement will be permanent. Anderson noted that there would need to be an Ordinance drafted to address and set standards on sewer rates and fats, oil and grease management, specifications for the sewer line to be built. Anderson stated this would also impact future annexation processes and requirements with Urbandale. Anderson asked Development Services Director Pfaltzgraff to explain the details regarding the point of connection to the WRA from the treatment plant. Pfaltzgraff offered a diagram showing the proposed route of the connection extending from Grimes to Urbandale. Pfaltzgraff described the connection from the treatment plant through the NW section of the city, continuing southwesterly and aligning with the school property along SE Countyline Road proceeding south to the City boundary that abuts to Urbandale. Pfaltzgraff noted that this route will involve a partnership with Urbandale that also will be participating with this endeavor.

L. Heritage Town Center – Site Plan Approval

Pfaltzgraff addressed the Council stating the applicant is requesting approval of a site plan, which will allow for the construction of a single, two- story, office and retail space, totaling approximately 45,000 square feet. Pfaltzgraff stated that the property is located within the Heritage at Grimes Planned Unit Development. He added that the building also has space reserved for 22,800 square feet of sports training that will house a turf field for sports training. He said it is important to note that this is the first phase of the town center, and while a conceptual rendering of the entire town center development is included in the site plan, Pfaltzgraff stated that concept is not up for approval at this time. He noted that Heritage Drive bounds the property to the east, Station Crossing to the north with diagonal parking, and two new drive and parking extensions will be installed along the west and south. Pfaltzgraff said a significant amount of detail on patio and outdoor areas was included with this plan. He added that there are not any exceptions or variances or public funding involved with this project. Council Member Gisch asked for additional detail on the proposed exterior surface of the building. Matt Brown, of Formation Group, 5530 West Parkway, Johnston, addressed the Council stating that initially they wanted to propose metal panels, but recently determined that precast panel exterior, with a sanded finish in two tones would be a better quality, longer lasting product for that area.

Motion by Borcharding, Second by Burger to approve the Heritage Town Center Site Plan per the letter dated January 21, 2020.

Roll Call: Borcharding, Burger, Gisch, Altringer Aye; Johansen: Abstain. Motion passes 4-0

Pfaltzgraff addressed the Council to discuss the park proposal regarding the park within the proposed town center. Pfaltzgraff stated this park consists of approximately 2.15 acres and is located within the Heritage at Grimes Planned Unit Development. Pfaltzgraff noted that this project is not being constructed by either the city or the adjoining property owner, but rather it is being developed by the Gabus Family Foundation. He added the Foundation will ultimately deed it over to the City. Pfaltzgraff stated that this park would be more of a plaza concept with open space for gatherings, concerts, or farmer's market style events. Pfaltzgraff noted that there were trails and a memorial garden area along the northwest corner of the site and a clock tower located on the southwest corner. Michael Gaunt with Bishop Engineering, 3501 104th Street explained that the Greater Outdoors Foundation is contributing their expertise in planning, design and potential fund raising for this project.

Subject: Governors Days Requests

Dear Jake,

The Governors Days Committee has been diligently planning and organizing in preparation for this year's annual celebration of community. In fact, the theme for this year's Governors Days has been announced as **"Decades"**. This theme is intended to coincide with the new decade and thinking back to the 70s, 80s, 90s and looking forward to the new decade. #GoingBackInGrimes

As per my involvement on the Committee I have been asked to approach the City about several items concerning the 2020 Governors Days celebration. These items are as follows:

	Permission for Grimes Chamber & Economic Development to host a beer & entertainment garden in Waterworks Park on Thursday, Friday and Saturday. Approximate serving times to run from 6 p.m. to 10 p.m. on Thursday, 5 p.m. to 11:30 p.m. on Friday; 10 a.m. to 11:30 p.m. on Saturday. GCED would be required to secure proper licensure, DRAM Shop insurance, and law enforcement officers to oversee the event.
	Approval of proposed parade route for the Grand Parade scheduled to begin at 10:00 a.m. on Saturday, June 13 th , 2020. The parade would be staged on the morning of the event at the Grimes Sports Complex parking lot, with overflow into the St. Peter Lutheran Church. Therefore, parking would need to be restricted to parade functions at that time, until such time as the parade has ended. The parade would begin at the intersection of S James Street and SE 6 th Street. It would then proceed east to SE Trail Ridge, then north to SE 2 nd Street, then west to its conclusion at the intersection of SE 2 nd Street and S. James Street.
	Approve the temporary closing or traffic control of S James Street from 9:30 a.m. until the conclusion of the parade on Saturday. We ask that the City coordinate efforts with the Polk County Sheriff's Department to control traffic at strategic locations in the community in order to allow the parade to safely take place.
	Approval of the use of parking lot at the South Sports Complex, as in previous years, for the staging of parade entries.
	Permission to set-up an announcer stand and equipment in near the intersection of SE Main and SE 6 th Street, just south of the Grimes Community Complex.
	Permission for parade participants to distribute candy to onlookers during the parade.

	A request for the City to coordinate with the Polk County Sheriff's department to see that additional coverage occurs during Governors Days and specifically during the parade and 5k/Fun Run (i.e. traffic control).
	Approve the temporary closing and limited parking along the Kiddie Parade route on Thursday, June 11 th , from 5:30-7:00 p.m.
	A request to the City to coordinate with the Polk County Sheriff's department to assist any groups or individuals as they travel the Kiddie Parade route to Waterworks Park on Thursday evening.
	Assistance from the City Street Department, as in past years, to gather picnic tables, trash cans, fence, dumpsters, kybos, wash stations, traffic cones and barriers, etc. from around the City and use them in and around Waterworks Park during the celebration. We would also request assistance in installing and tearing down the temporary fence around the area reserved for the entertainment garden.
	We would request the honor of having the Street Department, the Grimes Fire & Rescue Department, the Mayor, and City Council Member's participation in the parade on Saturday morning.
	Permission to allow Sam's Amusements carnival to use Waterworks Park for equipment and temporary living quarters during the event. As per usual, the carnival will arrive early in the week to set up and undergo safety inspections.
	A request to the City to restrict and mark "No Parking" along NE 2 nd Street from N. James Street to NE Jacob Street during the Governors Days celebration.
	Permission to again use City owned parcels near Waterworks Park for Public Parking during the event.
	Permission to do a "Street Painting Event" on the Waterworks Park drive, with art revolving around annual event theme. The paint would likely last for a couple months but could be washed off with a high-pressure hose if the City would like to see it cleaned up earlier.

There are a lot of exciting events planned for this event and I encourage you to visit the event website www.governorsdays.com to see all of the details. As always we welcome any comments and constructive criticisms that will help to improve the festival.

If you, Mayor Mikkelsen, or the City Council have any questions or need clarification on any of the above items, please feel free to contact me at your convenience.

Thank you.

Sincerely,

Brian Buethe

AGENDA MEMO

Item No. X
For Meeting of March 10, 2020

AGENDA HEADING: Request for Street Closure for Graduation Party Sat. May 23, 2020

SYNOPSIS:

Attached is an email requesting a street closure for a block party on May 23, 2020. The request has been reviewed by the fire department and public works with no issues. We have advised the resident that in an emergency they would need to be able to clear the street in order to allow for emergency vehicles.

FISCAL IMPACT:

N/APREVIOUS COUNCIL ACTION(S):

STAFF/COMMITTEE RECOMMENDATION:

To whom it may concern,

I would like to request a block to be marked off on Saturday May 23rd from 5:30 to 8:00 for a graduation party. *It has always been a promise made between the Liebes, Dirks and Finley's whom all live on NW Morningside Court that is we all stayed together on this street we would celebrate together. There are multiple neighbors who have been contacted and are fine with this event taking place. They will all be invited and we will do whatever we need to make accommodations for them.*

The plan is to set up about 10 tables and if rain is in the forecast perhaps a tent will be required. I know this isn't ideal but I assure you that if for some unseen reason emergency equipment would be required this area could be cleared before someone would arrive. There will be a pizza truck parked at one end which also could be moved. The whole street would not be marked off just approximately 1208-1202.

I hope you will consider this request we have all been long standing citizens in the community which has been growing leaps and bounds which we have adapted to as well. We feel like with there being 4 kids involved it would be a simpler solution to traffic control and the inconvenience to those around us.

Thanks,
Liebe's, Finley's, Dirks

AGENDA MEMO

For Meeting of March 10, 2020

AGENDA HEADING:

An Ordinance Amending Provisions of The Building and Property Regulations and Zoning Ordinance of The City of Grimes Specifically Striking Grimes Code of Ordinances Sections 156.02 (2), 160.02 (2) And Creating a New Section 165.52 Which Defines the Requirements for Fences

SYNOPSIS:

In late 2019, City Staff were made aware of an issue as it relates to regulations associated with fences. The current fence regulations are contained within Chapter 156, Building Regulations. A property owner requested a variance from the fence regulations, and as staff researched the request, it became evident that the Board of Adjustment did not have the ability to hear the case due to the location of the regulations.

As such, the property owner did not have the ability to seek relief from the ordinance. The only available option would have been to seek judgement through the district court.

Staff determined that the most efficient route to solve the issue at hand was to relocate the ordinance into the correct location. Staff also felt that it was appropriate to update regulations while the amendment was taking place.

Most of the regulations were left as is, but updated to reflect a more modern language, however there are two changes that staff felt was necessary to highlight.

Ornamental Fences

The ordinance was amended to redefine what an "Ornamental Fence" means. Ornamental fences are now defined as a fence that is less than thirty-six (36) inches in height, and is constructed of a style that is decorative and one that does not provide screening or security. These style fences are the only type of fence that is permitted within the limits of any yard.

Residential Fence Location

Previously, fences were permitted within the limits of a secondary yard (corner lot) or rear yard if double fronted, provided a minimum setback equal to the height of the fence was provided. Staff has revised this to a standard of 10-feet of setback regardless of fence height. The intent is as follows, (1) This creates a uniform standard across the City (2) This reduces the tunneling effect along our corridors by widening the built

environment and (3) This promotes a more pedestrian friendly environment (4) This re-enforces the current requirement that all fences be setback at least 10-feet from any sidewalk or trail.

Re: Resolution Approving the 2020 Employee Benefits Policy

April is the City's renewal period for all employee benefits, including group health insurance.

The benefits included in this consideration include group health insurance, vision, dental, and life insurance (to \$50,000). The City offers voluntary short and long-term disability, but those are entirely at the employee's cost.

The health insurance plan the City carries is unique because it is a traditional PPO plan that has been "grandfathered" because the City had the plan before the Affordable Care Act ("ACA") was passed. One constraint of the plan is that very little can be adjusted about it without jeopardizing its "grandfathered" status.

This has worked in the City's favor over the past several years as premiums have remained relatively stable. A recent summary of premium increases is below:

2014: - 17.41%
2015: + 1.91%
2016: + 15.82% (increase was based on claims for that year only)
2017: No change
2018: + .25%
2019: - 8.32

This year, we received a quoted premium increase of 4.25%. By adjusting employee contribution rates, we have found a way to both (a) maintain the "grandfather" status plan AND (b) lessen the financial impact to the City to only a 2.3% increase. This was done by increases in employee contributions negotiated into the contracts with the collectively organized units of Fire and Public Works and an increase of non-union employee contribution from a current 3% contribution rate to a 5% contribution rate.

However, to comply with Wellmark's requirements to keep the "grandfather" status plan, we are required to keep the employee contribution rate at or below 5%.

Resolution # 03-0620
“A Resolution Approving the 2020 Employee Benefits Policy”

Whereas, the City Council provides employee benefits to City Employees as part of an overall compensation package, and

Whereas, the City Council is committed to managing increasing employee benefit costs in its stewardship of public funds, and

Whereas, the City Council partners with its employees to spread both the burden and responsibility for managing those costs, and

Whereas, the City periodically quotes benefit plans each year to keep premiums competitively bid, and

Whereas, the City has elected to formalize its policy concerning the cost sharing for employee benefits.

Therefore, be it resolved by the City Council of the City of Grimes that:

Subject: Notification of Vegetation Management Activities - GRIMES
Attachments: MEC Tree Notification Letter.pdf; DGF211.pdf; DGF214.pdf

Dear Mayor Mikkelsen,

In order to provide Grimes with safe and reliable electric service, contracted tree trimming crews working for MidAmerican Energy Company will be clearing tree limbs from our electric facilities in your community. The area where the work will be performed is shown on the attached map(s). This work is scheduled to begin within the next few weeks.

At least 14 days prior to moving into the neighborhoods, all affected properties will be notified by mail. A copy of the letter is attached. A copy of the [brochure](#) is available online. Approximately two days prior to trimming, all affected properties will receive a courtesy telephone call. Immediately before work begins, crews will knock on the door of the affected property and explain what work is needed.

If you desire more information about vegetation management at MidAmerican Energy, you may send an [e-mail](#) or call toll free 1-888-427-5632.

You may also address any concerns about our vegetation management activities by contacting me directly.

Sincerely,

Jason Ewers

Dear John Doe:

We know you count on us to provide safe and reliable electric service, so periodically we work to prune or remove trees at risk of damaging power lines or causing service interruptions. In the next few weeks, MidAmerican Energy contractor Asplundh Tree Expert Company will begin tree work in your neighborhood.

Before work begins, you should receive an automated phone call alerting you that crews will be in your area. If you have any questions or concerns about how trees on your property may interact with power lines call us at 888-427-5632.

Our contract crews use industry best practices to prune only those limbs that have electric line clearance and safety issues. Vines and vegetation attached to poles and other electrical equipment also will be removed. Trees in neighborhoods near high voltage lines that serve numerous customers will be pruned to ensure safe and reliable service. We may also prune tree limbs away from the service line that runs from the pole to your electric meter so that the line can swing freely and the limbs are not putting pressure on your electric service. The debris created by this work will be chipped and hauled away.

You may request to have trees along the right of way removed. Tree removal requires approval from the local MidAmerican district forester as well as the property owner. There is no charge for this service.

If you have underground electric service or do not have trees near MidAmerican's electric lines, you are receiving this letter because your property is connected to the electric system where work will occur. You may notice tree trimming crews parked on your street or working in your neighborhood along the roadside or in backyards. While these crews may not need to perform work on your property, we want you to be aware of personnel working in your area.

(OVER PLEASE)

If you have any questions or concerns about your trees that may be in conflict with overhead power lines, or if you would like to make us aware of specific neighborhood tree issues, please e-mail trees@midamerican.com or call 888-427-5632 to speak with a customer service representative who will direct your message to your local MidAmerican forester.

Sincerely,

MidAmerican Energy Company
Vegetation Management

The Emerald Ash Borer is a small beetle which bores into the bark of an ash tree and feeds on the cambium layer, ultimately leading to the tree's decline. EAB infestations have been confirmed throughout MidAmerican Energy's service territory. You may contact us to remove ash trees on your property near electrical equipment. If you have any questions about the EAB in Iowa, please contact the Iowa Department of Agriculture at 515-725-1470 or visit **www.IowaTreePests.com**.

Oak wilt is a fungal disease affecting oak trees. One way the disease is spread is by small sap-feeding beetles. To help prevent the spread of oak wilt, our contract crews do not trim oak trees between March 15 and September 30 when the insects are active. We record these "oak skips" and will return to trim these oak trees October through February. If oak trees must be trimmed for safety or to maintain service, personnel will seal the cuts made in the oak trees with latex paint to stop the flow of sap.

Contact us any time for more information about the Emerald Ash Borer, ash tree removal, oak wilt disease or MidAmerican Energy tree trimming work. Call us at 888-427-5632, email trees@midamerican.com or request tree trimming online at **MidAmericanEnergy.com/tree-trimming**.
